2. Please note that should you have been quoted in US Dollars and wish to settle payment by means of a credit card, your quotation will be converted to South African Rand prior to the transaction being processed. The Dollar/Rand rate of exchange on the day that the transaction is processed will be used to determine the equivalent Rand amount. The South African Reserve Bank prohibits South African companies from taking foreign credit card payments and keeping the payment in foreign currency. The payment has to be converted to South African Rand's before it is credited to the recipient.
